|---------------------------------------|---|
| 1. Fever of 100 or more | 6. Conjunctivitis |
| 2. Vomiting | 7. Unexplained rash |
| 3. Persistent diarrhea | 8. Head lice or nits |
| 4. Flu symptoms | 9. Rapid or labored breathing |
| 5. Severe cold symptoms (green mucus) | 10. Other contagious illness or infection |

Campers are welcome to return once symptom-free for 24 hours without the aid of medication. A slight cough and slight runny nose, as long as it is clear, are not reason enough to keep a child home. If your child becomes mildly ill while at camp, we will keep him/her comfortable and isolated from the rest of the campers. You will be notified immediately to pick up your child. If you are not reachable, the emergency contacts listed on the **blue card** will be called and asked to pick-up your child in a timely manner. We ask that you inform the school of any contagious illnesses so we can post an alert on the Parent Information Board.

Injury: If your child is injured and needs anything beyond simple first aid treatment, a staff member will determine whether there is time to consult a parent by phone or pursue emergency services first. An incident report will be filled out and any first aid given by the school will be noted within 24 hours. When a child needs to be transported, parents will be notified to meet at the hospital and a staff member will accompany the child to the hospital. All emergency phone numbers are kept in a centrally located binder.
